

Glaucoma Eyedrops Interrupting Your Daily Life?

Do you feel like your eyedrops disrupt your routine? Participate in a study to advance research in dropless therapy.

Do you have glaucoma or high eye pressure in both eyes and:

- Are at least 18 years old?
- Have not had surgery for glaucoma?

If so, you may be eligible for ARTEMIS, a research study of a current glaucoma therapy being studied in an investigational dropless way. All participants in the study will receive active treatment in both eyes and be closely monitored by study doctors. **Study-related medication, eye exams, and care for your high eye pressure will be provided at no cost to you.** Plus, you may receive additional compensation.

Your participation in the ARTEMIS study could help advance the future of research in dropless glaucoma therapy.
